Lesson Program taught by**

ALLIGATOR STEPS

Alligator Steps *Learn & Swim!* Program provides area families with an aquatic program that is specifically designed for the youngest of swimmers, ages 2mos – 10yrs. We are a proud member of the National Drowning Prevention Alliance (NDPA) and believe that every child should have the opportunity to learn safe behaviors around the water. Each class is taught by a highly trained Swim Instructor.

At Alligator Steps, we believe that exposing children to the water at an early age can help facilitate their growth and development in all areas, while teaching them to enjoy and respect the water. A portion of each lesson is dedicated to teaching your child water safety and survival techniques. Our 10- 'Step' program is designed to grow with your child, starting with a water acclimation class that parents and children attend together and "stepping" up to independent swimming. REGISTER today at www.alligatorsteps.com or by calling (877) 560-7946
